Photo produit studio

La boule transparente

Option 1 :

La précision studio

A product inside a crystal clear transparent snow globe, high-end commercial product photography. The product is encapsulated in a glass sphere, miniature winter scene inside, delicate swirling snowflakes, frost details. Soft blurred winter background with distinct circular bokeh, neutral colors to highlight the central sphere, non-distracting. Professional studio lighting, softbox illumination, sharp focus on product, hyper-realistic, 8k resolution, ray-tracing, refraction, glass texture, shot by Hasselblad

Option 2 : L'ambiance cinématographique

A product floating inside a magical glass sphere, winter wonderland atmosphere, snow and ice crystals inside the ball, subtle falling snow outside. Atmospheric winter background, large circular bokeh orbs, soft defocused snow lights, deep depth of field to emphasize the center. Cinematic lighting, magical glow, masterpiece, highly detailed, photorealistic, volumetric lighting, subsurface scattering, 8k, luxury advertisement aesthetic.

Option 3 : Le macro texturé

Macro product shot, enclosed in a transparent glass orb. Frosty winter theme, detailed snowflakes and crushed ice inside the sphere. Creamy winter background with soft circular bokeh, shallow depth of field, distinct round out-of-focus highlights, non-intrusive. Extreme detail, hyper-detailed textures, caustic lighting through glass, global illumination, unreal engine 5 render style, sharp edges, premium look.

Option 4 :

Le minimaliste épuré

Minimalist high-fashion photography of a product trapped in a perfect transparent sphere. Clean winter vibe, light snow dusting inside. Clean winter background with subtle circular bokeh, soft light tones, heavily blurred to maintain minimalism. Bright studio lighting, rim lighting to highlight the glass edges and product silhouette. 8k, uhd, super resolution, perfectly composed, advertising standard.

Photo produit studio

Sous vide

Option 1 : Y2K style

High-angle product photography of a product vacuum-sealed tightly inside a semi-transparent metallic silver anti-static bag. The plastic packaging conforms perfectly to the shape of the object, creating sharp wrinkles, heavy creases, and a high-gloss shrink-wrap texture. Cinematic studio lighting with colored gels: cyan blue rim light on the left, neon red fill light on the right, creating vibrant metallic reflections on the silver folds. Dark grey background, 8k resolution, photorealistic, sharp focus, tactile texture.

Option 2 : L' industriel Brut

Raw industrial product shot of a product sealed in a thick, clear plastic vacuum pouch. The bag is wrinkled and distorted by the vacuum pressure, hugging the object tightly. Realistic imperfections, dust particles, and micro-scratches on the plastic surface. Neutral studio lighting, cold white tones with strong contrast, emphasizing the transparency and the volume of the object. Dark black background, macro photography, shot on Hasselblad, incredibly detailed textures.

Photo produit studio

Éléments dynamiques

Option 1 : L'élégance en suspens

a product floating elegantly with dried petals, gold accents, and a swirling ribbon, soft shadows below, dynamic motion blur, dramatic cinematic lighting, dark textured background, high-end editorial composition.

Option 2 : Gold touch

a product and rich, textured elements including golden leaves, dried flowers, and a moving fabric ribbon floating in space, soft shadows on a velvet plinth, strong motion blur effect, warm and dramatic three-point lighting, dark ambient background, sophisticated editorial framing.
